

Richer data.  
Better pathways.  
Improved outcomes.

Finally, an intelligent care navigation platform designed for specialty practices.

## Guided workflows for navigators

with data insights designed to identify treatment opportunities

Reduce gaps in care

Operationalize clinical pathways

Empower your team with actionable data

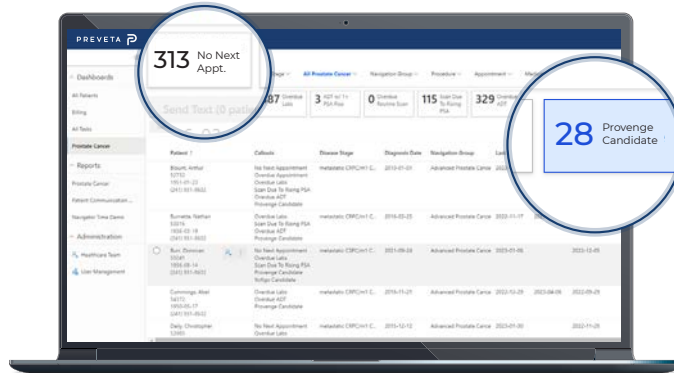

Identify patients for 2nd and 3rd line therapies

Find patients for clinical trials

Surface patients who might need intervention

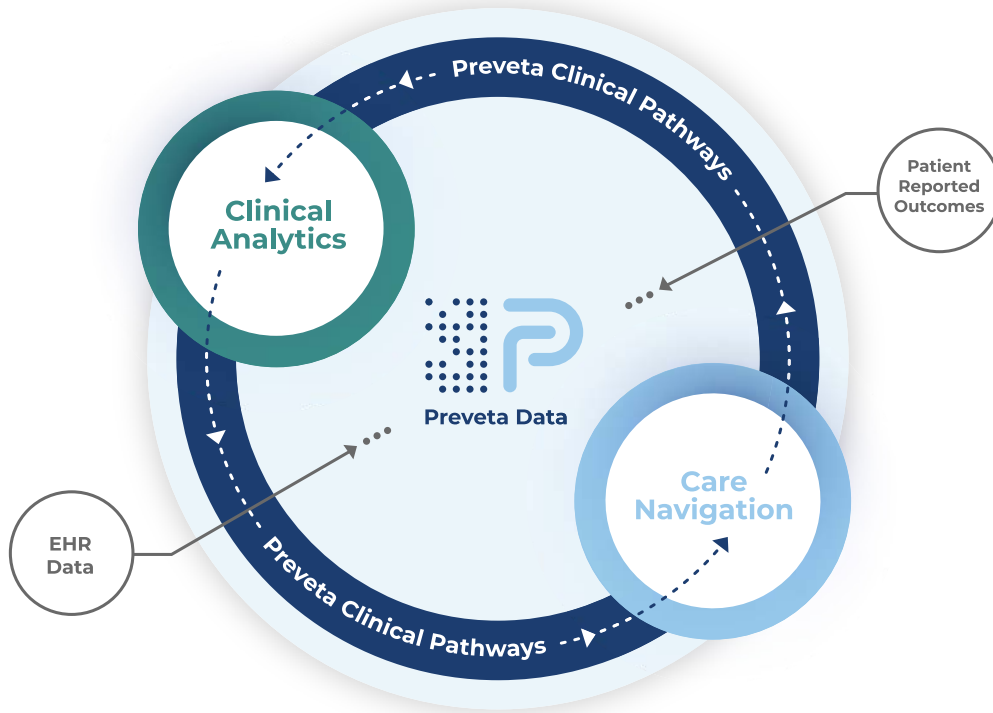

Power care navigation with Chronic Care Management (CCM/PCM) reimbursement

**\$150K\***  
per year / per navigator

\*for eligible patients

# One platform

*Driven by data, powered by care pathways*

- 1** Preveda integrates EMR data into disease-specific pathways that inform Care Navigation
- 2** Care Navigation software guides navigators to collect targeted data and patient reported outcomes
- 3** Clinical Analytics surfaces richer data insights and patients for prioritized action

Learn how Preveda can operationalize your care pathways and help facilitate CCM reimbursement
